

Offer Timetable Update

27th June 2013

Inabox Group Limited ("Inabox") wishes to inform investors that it has revised the closing date of the IPO Offer, which is now expected to close on or before Thursday 4th July 2013.

Despite challenging stock market conditions, Inabox believes it has raised sufficient spread of shareholders and funds to list and carry on the business as described in its Prospectus. Inabox hopes the new Offer closing date may provide an opportunity to attract additional investors if market conditions stabilise.

Any investor wishing to apply for shares in Inabox can still do so by completing the Application Form attached to the Prospectus and available on the ASX web site.
